## THE DUNES COURSE

Eighteen holes sit among some of the most dramatic sand dunes in the world. “You’re either playing toward the ocean, along the ocean or away from the ocean,” says course designer Davis Love III. “And then, at times, you’re down in the dunes and you pop up and are surprised all over again by the incredible views of the ocean.”

The Dunes Course has received many accolades since opening in 2009, including being ranked #36 in the world by GOLF Magazine in 2017 and the #1 course in all of Mexico by Golf Digest in 2016.

## EL CARDONAL AT DIAMANTE

In 2014, Diamante opened up Tiger Woods’ first golf course design—El Cardonal. Influenced by the old-style courses of Southern California that he grew up playing,

Tiger created a course that brings back the need for strategy—providing players with several shot options to navigate during each hole. The course is long enough to challenge expert players, but open enough to provides options for those with higher handicaps. It truly is a fun test for golfers of all skill levels.

## THE OASIS SHORT COURSE

Diamante opened its latest golf creation in December 2016—The Oasis Short Course. This Tiger Woods designed 12-hole par three course features a palapa bar, practice green, event lawn, and a mile long perimeter concrete jogging and hiking trail.

The Short Course itself weaves its way through lush vegetation (including more than 400 palm trees) and over an 8-acre lake.

## DUNES PUTTING COURSE

In December 2019, the Dunes Putting Course was honored by the American Society of Golf Course Architects as the Best Putting Course in the 2019 Design Excellence Recognition Program, as voted on by a panel of golf industry leaders that included architects, club managers, course builders and superintendents.

With a commanding view of the ocean and a spot next to the most dominant dune on the property, the Dunes Putting Course has 15 holes consisting of three par-2s and twelve par-3s that vary in length from 14 to 64 yards. The course is designed to be played in reverse on alternate days.

This creates a total of 30 different holes, as a downhill hole one day becomes an uphill hole the next. Whether you stop after 15 holes or play all day, you're guaranteed a great time!
