Stories by Night

We have a prestigious luxury home located on the top of the mountains of Henderson for our home base. The mansion has an overview of the whole Las Vegas Valley and has an incredibly warm feeling inside. We will utilize one of the most amazing pools in all of Las Vegas and a fire pit that overlooks that valley as our sanctuary to listen to stories from PGA Tour Pros and Caddies. Both nights will have a fully catered dinner and bar and limo transportation will be provided back to your suite accommodations.

There will be an elite golf simulator set up at the house both nights.
